TECH LIGHTING TO DEBUT ITS LATEST MODERN DESIGNS

Skokie, Ill., January 16, 2018—Tech Lighting, a leader in sophisticated, modern style combined with the latest advancements in precision engineering, will debut its newest designs during Dallas Lightovation, held January 17-21, at the Dallas Market Center's Trade Mart, 2100 Stemmons Freeway, showroom TM-4705.

Below is an example of new Tech Lighting products to debut at Lightovation:

Tech Lighting Image	Product Description
	Glass spherical orbs of light are artistically clustered below and above this modern **Viaggio** linear suspension from **Tech Lighting** to create a sense of celestial travel within a room. Two finish options are either a sleek black body contrasted against solid Brass arms with white glass globes or polished nickel arms with mirrored smoke glass globes (*shown*). Either will create a comfortable, glare-free wash of illumination onto the surface below. The Viaggio linear is 56" long X 26" wide and 26" tall. The collection also includes a chandelier, flush mount and wall sconce.

Tech Lighting Image	Product Description
	The **Aeon** linear suspension by **Tech Lighting** is a dynamic mid-century modern interpretation of tree branches that creates a playful motif in any space. With integrated LED modules, elongated arms feature direct and indirect light for a dramatic sculptural look in residential or commercial linear lighting applications. This linear work of art scales 18" in height and 48" in width. There are two finishes to choose from—either a Matte Black (*shown*) or Matte White. This collection also has two complementary chandeliers (*see one, below*), two flush mounts and a wall sconce.
	The six-light **Aeon Grande** chandelier from **Tech Lighting** had dynamic geometry that creates a playful modern interpretation of tree branches. Elongated arms feature direct and indirect light, and each can be pivoted up or down for dramatic sculptural looks and lighting effects.
	The **Hex** pendant by **Tech Lighting** is designed around the geometry of a pentagonal cube. Integrated LED light streams through this honeycomb shape to create organic depth and artfully interesting shadow effects. Two sizes—a 36" in diameter by 27.7" high and a 24" in diameter by 18.6" high—address scale in spaces that demand larger lighting solutions. Available in a Matte White (*shown*) or Matte Black finish.

	The **Hex** chandelier by **Tech Lighting** is shown in this restaurant.
	The modern, tapered cylinder design of the **Evo** low-voltage pendant by **Tech Lighting** is defined by carefully sculpted metal fins that add depth and shadow within. Available in LED, Evo is offered in three finishes: Satin Nickel (*shown*), Chrome or Antique Bronze. Its dimensions are 3.2" in diameter and 11" high.
	The **Quatnik** line-voltage pendant by **Tech Lighting** is a modern, high-tech revision of the popular urban loft exposed (LED) bulb aesthetic. Four geometrically balanced arms distinguish the striking pendant fixture. Available in either Aged Brass (*shown*) or Satin Nickel finishes, Quatnik can be ordered independently or with one of three transparent glass shade options: Duomo, Cuneo or Palla.

Tech Lighting Product Image	Product Description
	As an example of the kind of glass shade that can be ordered with the Quatnik pendant, shown is the **Duomo** from **Tech Lighting**. Simply elegant, this perfectly crafted clear or smoked (*shown*) glass dome is hand-blown in Italy. Combined with this pendant, the lighting fixture creates a truly futuristic, high-tech aesthetic.
	Offered in four distinctive designs, the **Sopra** ceiling flush mount by **Tech Lighting** is illuminated by a downward firing LED hidden within the minimalist socket and canopy. Shade options include a solid laser etched crystal cylinder, an elegant Mina laser etched crystal sphere, a facetted, diamond-like crystal (*shown*), and a simple, minimally detailed metal optic ring.
	The metal globes on this **Oko** three-light bath bar from **Tech Lighting** contain integrated LED modules for up and down illumination through acrylic lenses in this modern take on the Hollywood vanity light. Available in trending Aged Brass (*shown*) or Satin Nickel, the Oko family also includes a one-light wall sconce and a four-light vanity. This three-light vanity is 4.5" high, 18" wide, and extends 5.9".
	Exemplifying the warm gold tone finish trend, the three-light **Oko** wall sconce and bath bar from **Tech Lighting** is shown in this bath with coordinating mirrors and faucets.

Tech Lighting Product Image	Product Description
	The **Ash** outdoor pendant by **Tech Lighting** is a modern take on the classic industrial style light fixture. It features a sleek metal shade and a diffuser either in a choice of a clear acrylic cylinder or small frosted dome. For added convenience, the diffuser is removable to limit uplight for Dark Sky compliance. Ash features energy-efficient, fully dimmable integrated LED lamping. Available in four finishes: Black, Bronze (*shown*), Silver or Charcoal, and rated for coastal environments.

About Tech Lighting

Known for its sophisticated, modern designs combined with the latest advancements in lighting technology and expert craftsmanship, Tech Lighting offers a wide variety of product categories such as specification-grade downlights, low-voltage and line-voltage heads and pendants, architectural-grade outdoor lighting, wall sconces, ceiling fixtures, flush mounts, suspension pieces, bath bars, and LED undercabinet, display and cove lighting. Tech Lighting has been a premier choice of architects, specifiers, lighting designers, interior designers and homeowners since 1988. Tech Lighting's products can be found in lighting retailers and through sales representatives across North America.
