

Creating a continuous uninterrupted line of beautiful, glare-free LED light, the ELEMENT Merge 3.0 recessed linear system inconspicuously puts light where it is needed without drawing attention to the fixture. The ELEMENT Merge 3.0 Gimbal Spot head option allows you to simply twist-and-lock LED adjustable spot heads anywhere along the low-voltage bus channel for stunning design flexibility. The Merge Gimbal Spot does not break the ceiling plane for a smooth overall appearance. Options for beam spread, mounting, and color temperature allow designers to specify a system tailored to exacting demands.
