

The continuous line aesthetic created by the ELEMENT Merge recessed track system is enhanced using a specifically engineered 90° turn connector. ELEMENT Merge recessed track can be designed to seamlessly make 90° same-plane turns for enhanced design interest while also allowing the option to add spot heads for accent and task lighting, all without adding more light fixtures to the space.

Pristine design and features:

- Option to add spot heads for accent and task lighting
- Low profile design for use in 2x6 construction

Flanged option is field paintable
